

ORDER #30156109 at Russiantrain.com**Important information about your trip from Moscow to Yekaterinburg**

Train number: **070ЯА**
Departure time: at **01:20 pm** on **09.08.2026**
Departure from: **YAROSLAVLSKY** train station
Address of the station: **5 Komsomolskaya Sq.**

Tips about getting to the station by metro:

Yaroslavsky railway terminal is situated near metro Komsomolskaya. There are two Komsomolskaya metro stations: on the circle line (brown) and on the first line (red). To get to Yaroslavsky train station, use the exit from Komsomolskaya circle metro station (on the brown line). After exiting through the wooden door, turn to the left, and you will see the building in the Russian style with towers and a black roof - it is the Yaroslavsky train station. The passage to the long-distance trains is to the right of the main entrance if you stand facing the station building. We recommend being at the station in advance. Usually, boarding long-distance starts 30-40 minutes before the departure.

Tips about e-tickets:

Below you will find the page(s) with your e-ticket (boarding pass). There is a page for each seat with the name of each passenger. We recommend to print the ticket and take with you to show when boarding the train. If it is not possible for you to print the ticket, you can show it to the train attendant on the screen of your mobile device.
